# Style

Unmistakeable and elegant

Style

Unmistakeable and elegant

BJC

" Over the years, many aspects of the Style series have remained unchanged, making its functional version one of the most recognised and recognisable on the market. Design, elegance and technology for homes, offices and hotels.

Style

Effective style

Sometimes, we need a touch
of style and elegance that transcend
cliches. The unique aesthetics
of the elements of the Style series
can be combined to create elegant
solutions that can be fully integrated
into the spaces of modern buildings.

" *A very popular concept
in the residential
and tertiary sectors.*

BJC

Cosso Anthracite

Malt Gold

Matt White

Chocolate

Matt Black

" The Style series is the
modern archetype of the
traditional series, both
in terms of aesthetics
and functionality, which
transcend fashion trends.

Style

Design, elegance
and technology

+ Elegant combinations
that fully integrate
into the spaces of
today's buildings.

A design that has
conquered homes,
as well as professional
and commercial
environments.

The modern archetype
of the classic series,
both in terms of aesthetics
and functionality.

Its structure is
ergonomically designed
for easy, quick and
hassle-free installation.

BJC

Style
Accuracy and reliability

MEC 18 switches and socket outlets, with the speed and safety of the STAI system.

" *The fact that BJC mechanisms effortlessly meet or exceed current regulatory requirements for contact operations, ensures that BJC series products have an extended useful life.*
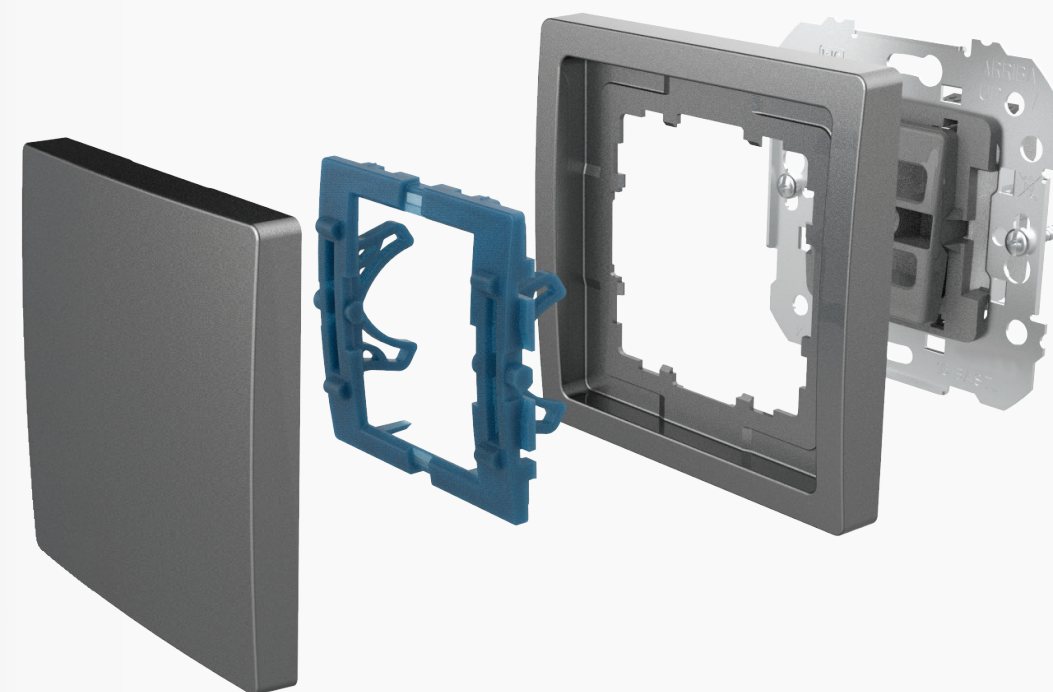

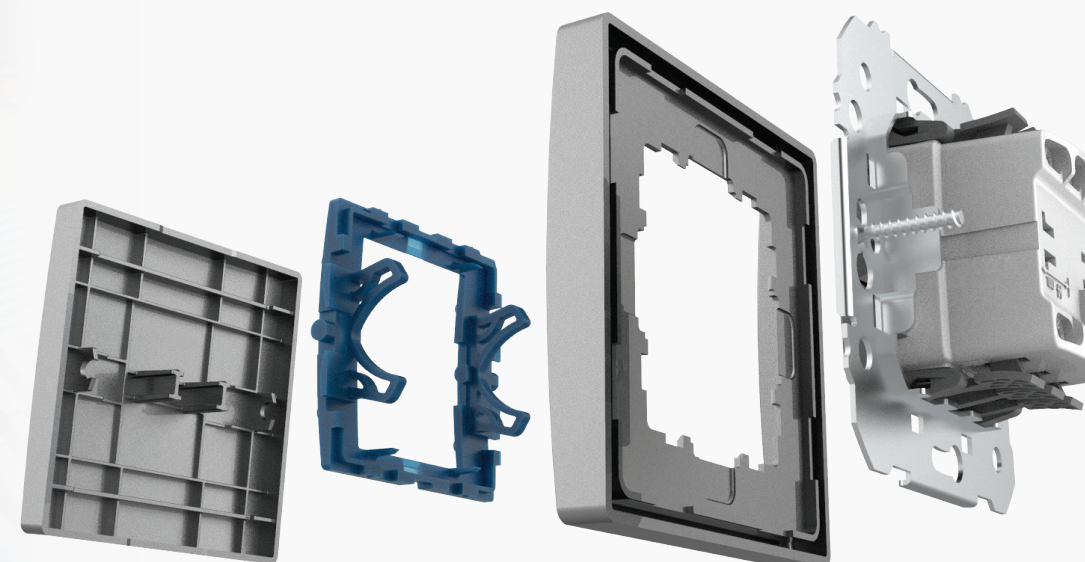

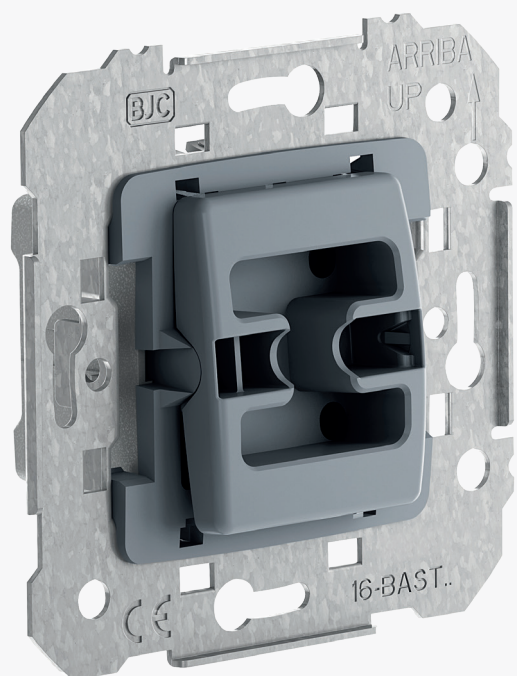

BJC

Style

Component quality

" *The switches feature a powerful 16 A device with an automatic terminal connection. Their ergonomic design ensures comfortable, easy and safe handling.*

BJC

MEC 18

One single mechanism is suitable for all five luxury BJC series: Iris, Iris Plus, Mega, Style and Miro.

Style
White and matt black

Iris   Iris Plus   Mega   Style   Miro

▷ Our one-way and two-way 16A MEC18 switches allow many different applications with the same mechanism, reducing the number of items and references you need to stock.

▷ The galvanised steel fixing frames are treated to prevent corrosion and ensure durable installation components.

▷ Fixing frames with top and bottom profiles makes assembly easier and ensures that the mechanisms in multiple frames are correctly aligned.
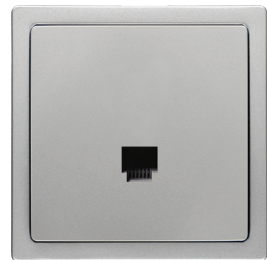

" *This series now features a high-quality matt finish. Intense black and white in a new velvety matt texture.*

BJC

Style
Many different functions

5 **Centralised blind control**

Allows all blinds to be raised or lowered with a single push-button, individually or together.

1 **RJ and fibre-optic sockets**

This allows the fibre-optic cable to reach the required location and enables the router to be easily connected.

2 **Dimmers**

Dimmers are the perfect way to create an atmosphere in rooms by adjusting the lighting levels to the desired intensity.

3 **IP44 protection**

In all colours and frames. Same mechanism and frame as the IP20.

4 **R/TV-SAT socket outlets**

They can be connected to R/TV-SAT outputs.

6 **Dual USB chargers**

USB Type A and C with fast charging and Power Delivery.

7 **One-way switch with indicator light**

The indicator light makes it easy to find the push-button in dimly lit areas.

8 **Multimedia**

HDMI, VGA, RJ45, stereo, etc. connectors for a clean and cable-free installation. Ideal for homes and businesses.

9 **Thermostats**

Our thermostats can be used to control and adjust the temperature in each room.

"
The Style series offers a wide range of functions to cater for today's needs. Light intensity dimmers, thermostats and mechanisms for raising and lowering blinds.
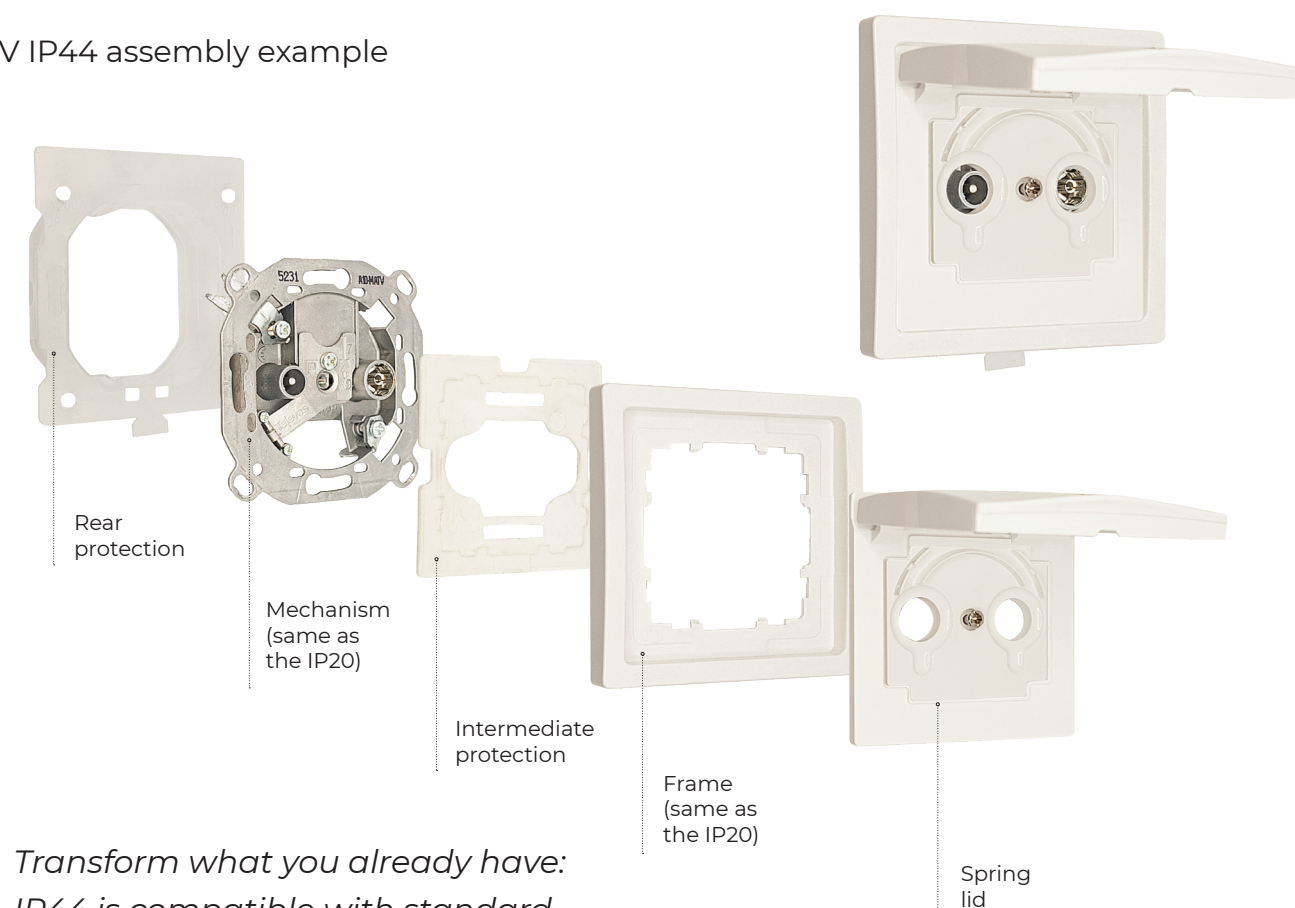

IP44 style

Now also for outdoor use

▷ In all colours and frames.
▷ Schuko® socket outlet, single and double mechanism, TV and RJ.
▷ A single common IP20 frame from the same series.
▷ Uses the same IP20 screwless terminal mechanism.

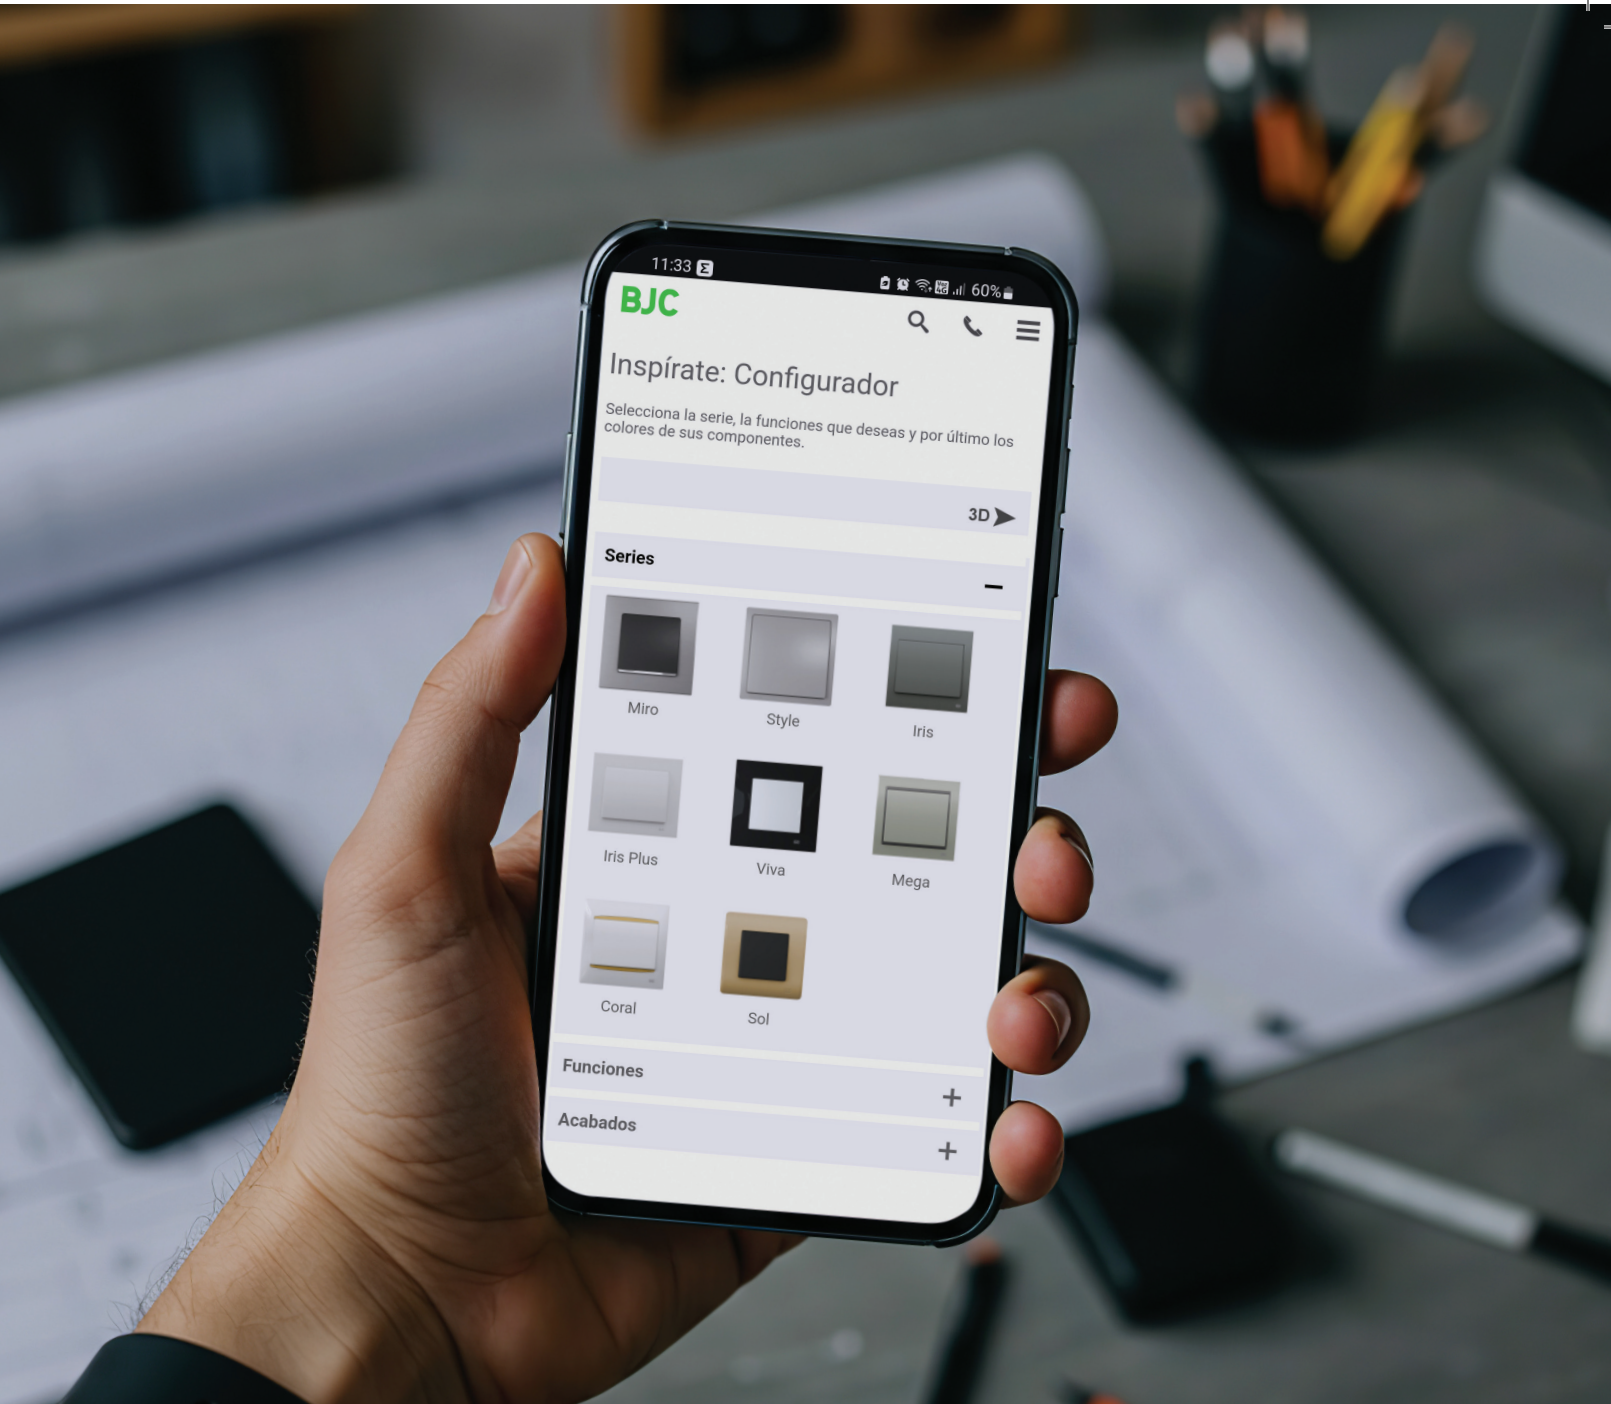

Style TV IP44 assembly example

Rear protection

Mechanism (same as the IP20)

Intermediate protection

Frame (same as the IP20)

Spring lid

" *Transform what you already have: IP44 is compatible with standard mechanisms and frames.*
