

Style

Unmistakeable and elegant

No. 2

BJC

Style

Unmistakeable and elegant

“

Over the years, many aspects of the Style series have remained unchanged, making its functional version one of the most recognised and recognisable on the market. Design, elegance and technology for homes, offices and hotels.

Style

Effective style

Sometimes, we need a touch of style and elegance that transcend clichés. The unique aesthetics of the elements of the Style series can be combined to create elegant solutions that can be fully integrated into the spaces of modern buildings.

“

A very popular concept in the residential and tertiary sectors.

The Style series is the modern archetype of the traditional series, both in terms of aesthetics and functionality, which transcend fashion trends.

Style

Design, elegance
and technology

Elegant combinations
that fully integrate
into the spaces
of today's buildings.

A design that has
conquered homes,
as well as professional
and commercial
environments.

The modern archetype
of the classic series,
both in terms of aesthetics
and functionality.

Its structure is
ergonomically designed
for easy, quick and
hassle-free installation.

Compatible
with BJC Nexus
Smart Home

- Wireless. Installed and extended without the need for building work.
- Control via a smartphone, tablet, the cloud, from both inside and outside the home.
- **Made in Europe** according to strict quality standards and European regulations, allowing us to provide a 5-year warranty.
- Compatible with Google Nest and Alexa voice assistants.
- Control it using the free BJC Nexus app, as well as the Google Home and Amazon Alexa apps.
- Can be integrated with Home Assistant.
- Cloud located on **servers in Europe** with European cybersecurity and data protection standards.
- You can combine the modules with any model in the BJC series to get your home connected.

BJC Nexus Cloud located in Europe

Style

Accuracy and reliability

MEC 18 switches and socket outlets, with the speed and safety of the STAI system.

“

The fact that BJC mechanisms effortlessly meet or exceed current regulatory requirements for contact operations, ensures that BJC series products have an extended useful life.

BJC

Style

Component quality

“

The switches feature a powerful 16 A device with an automatic terminal connection. Their ergonomic design ensures comfortable, easy and safe handling.

MEC18

One single mechanism is suitable for all five luxury BJC series: Iris, Iris Plus, Mega, Style and Miro.

Iris

Iris Plus

Mega

Style

Miro

- Our 16A MEC18 one-way and two-way switches allow for a large number of applications using the same mechanism, reducing the number of items and references you need to stock.
- The galvanised steel fixing frames are treated to prevent corrosion and ensure durable installation components.
- Fixing frames with top and bottom profiles make assembly easier and ensure that the mechanisms in multiple frames are correctly aligned.

Style

White and matt black

“

This series now features a high-quality matt finish. Intense black and white in a new velvety matt texture.

BJC

Style

Many different functions

Smart Home

Combining BJC Nexus modules to get your home connected.

1 RJ and fibre-optic sockets

This allows the fibre-optic cable to reach the required location and enables the router to be easily connected.

2 Dimmers

Dimmers are the perfect way to create an atmosphere in rooms by adjusting the lighting levels to the desired intensity.

3 IP44 protection

In all colours and frames. Same mechanism and frame as the IP20.

4 R/TV-SAT socket outlets

They can be connected to R/TV-SAT outputs.

“

The Style series offers a wide range of functions to cater for today's needs. Light intensity dimmers, thermostats and mechanisms for raising and lowering blinds.

5 Centralised blind control

Allows all blinds to be raised or lowered with a single push-button, individually or together.

6 Dual USB chargers

USB Type A and C with fast charging and Power Delivery.

7 One-way switch with indicator light

The indicator light makes it easy to find the push-button in dimly lit areas.

8 Multimedia

HDMI, VGA, RJ45, stereo, etc. connectors for a clean and cable-free installation. Ideal for homes and businesses.

9 Thermostats

Our thermostats can be used to control and adjust the temperature in each room.

IP44 style

Now also for outdoor use

- In all colours and frames.
- Schuko® socket outlet, single and double mechanism, TV and RJ.
- A single common IP20 frame from the same series.
- Uses the same IP20 mechanism.

Style TV IP44 assembly example

“

*Transform what you already have:
IP44 is compatible with standard
mechanisms and frames.*
