Silence provides the canvas for perfection

COSMOS

100 years have brought us to this point. Because design has always been integral to our product philosophy. To our quest for new ways to integrate. To simplify.

Spaces have changed.
So has the way we live in them.

This evolution has led us
to create BJC Cosmos.
A whole new world of design.

Cosmos One

Cosmos

Modern architecture seeks continuity. Surfaces blend into the space, anything superfluous is removed, leaving only the essentials. Full integration.

Less is more.

BJC

COSMOS

The modular version for all applications. Innovative and versatile, perfect for the residential and tertiary sectors.

Integration as a design concept

An innovative range that transforms the space with straight lines and seamless integration, creating an infinite universe of possibilities and design.

BJC

The square shape and smooth surface combine to form a harmonious whole that sets it apart and makes it unique.

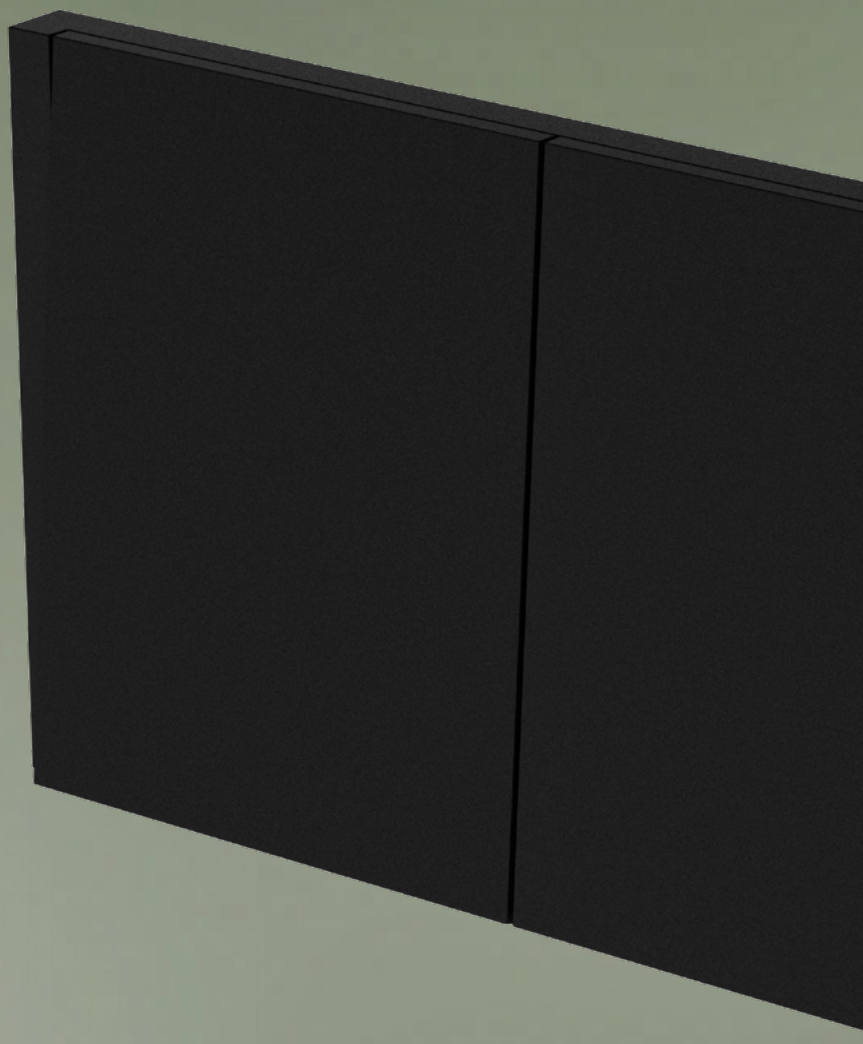

COSMOS

Form follows function

- [ ] Silky-smooth matt finishes
- [ ] A modern design with flat surfaces and right angles
- [ ] Minimal spacing between rockers to create a uniform design
- [ ] Full-face rocker switches

BJC

Multiple functions combined into a single unit.

COSMOS

BJC

The monoblock version for one-way switches and Schuko® socket outlets.

BJC's response to
the need for a cleaner,
purer and, above all,
limitless world.

COSMOS
ONE

When only the
essentials remain.

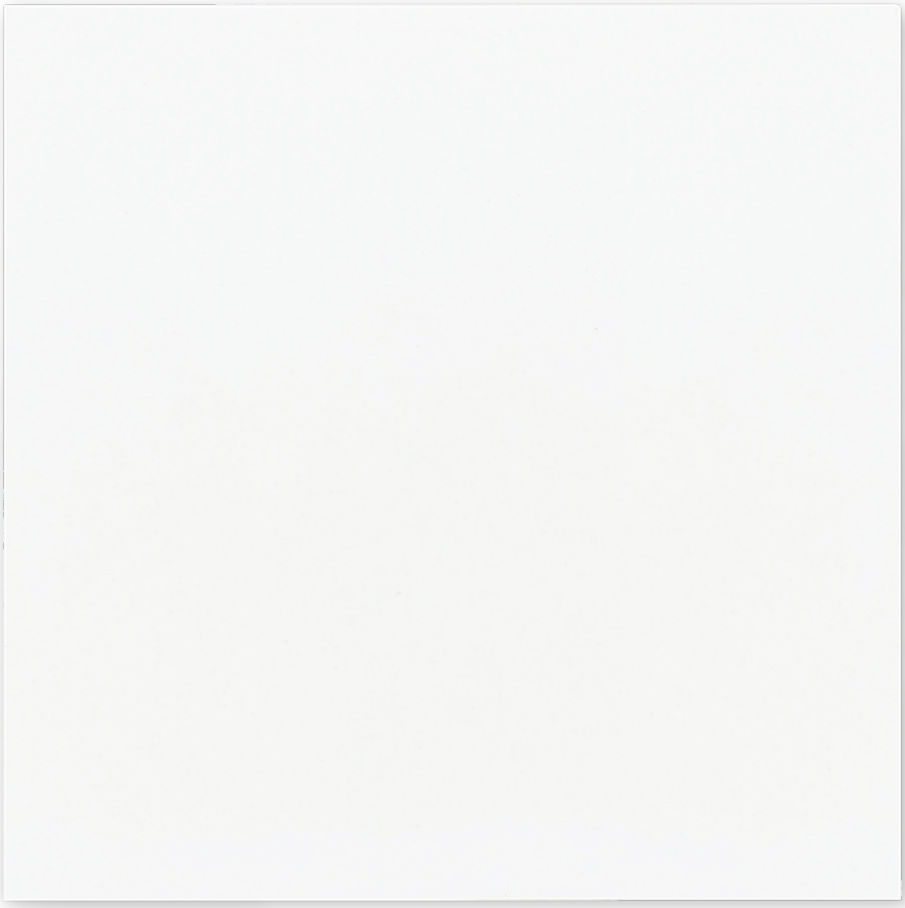

BJC

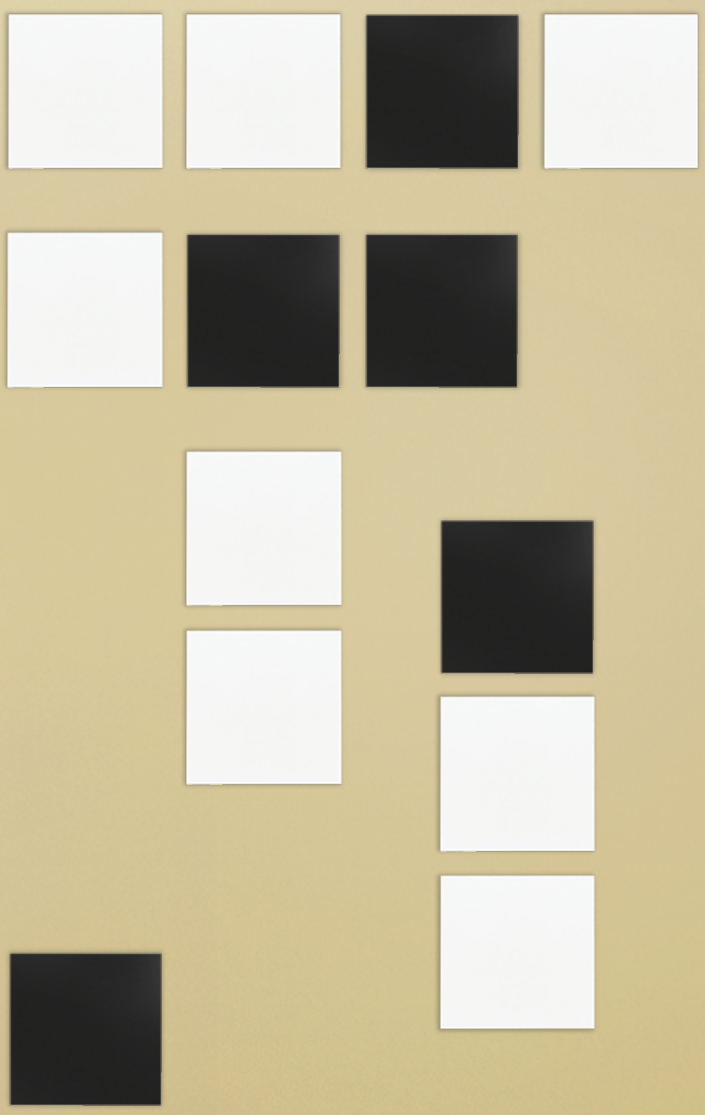

The essentials are the only things that matter

- [ ] Frameless
- [ ] Completely flat covers and rocker switches
- [ ] 90° right-angle design
- [ ] Minimalist design

COSMOS ONE

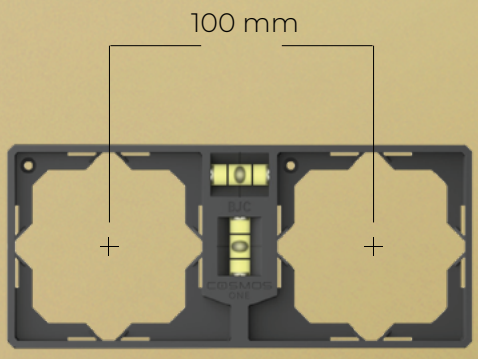

The simplicity and clean lines of the square design and the smooth surface create a minimalist, stylish appearance.

Let your imagination run wild.

Aligner for simple and precise installation.

COSMOS ONE

Total creative freedom through its horizontal and vertical modular design.

BJC

Perfect finishes

Onyx Black

Silk White

Basalt Anthracite

A range of matt colours specially designed for interior designers and architects.

COSMOS

Volcano Grey

Mist Green

A fine, silky matt finish.

Gobi Sand

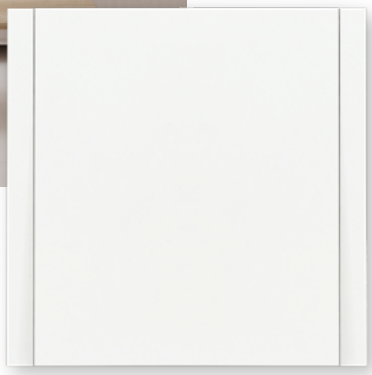

Golden Cava

BJC

Silk White

A soft, luminous matt white – pure and stylish – perfect for creating clean spaces and rooms with a peaceful feel.

Onyx Black

An intense, sophisticated matt finish – sophisticated and mysterious – perfect for creating minimalist, stylish spaces.

Basalt Anthracite

A dark, sophisticated matt finish – stylish and mysterious – perfect for creating spaces with a modern feel.

Volcano Grey

Powerful and intense, evoking strength and balance, perfect for creating modern settings and spaces with an industrial feel.

COSMOS

Gobi Sand

A warm, natural matt finish, evoking endless deserts and arid landscapes, perfect for creating welcoming environments and spaces with character.

Mist Green

A soft, serene matt green; nature and tranquillity; perfect for creating relaxing atmospheres and wellbeing spaces.

COSMOS

Golden Cava

Golden and luminous; luxury and sophistication; perfect for creating stylish spaces and rooms with a refined touch.

Comprehensive solutions

IP44 Solutions

In all colours and frames. Same mechanism and frame as the IP20.

Smart Home

Combining products from the BJC Nexus ecosystem.

COSMOS

Hospitality

Provides safety and energy savings in hotel rooms.

Comfort and connectivity

Type A and C USB ports with fast charging and Power Delivery.

A whole world of solutions.
For every space. For every project.

BJC

IP44 solutions

Installation example

COSMOS

- *Schuko® socket outlet, single and double mechanism, TV and RJ.*
- *For all colours in the range and multi-gang frames (up to 5).*

Transform what you already have.
Compatible with standard mechanisms and frames.

COSMOS
SMART

Integrated technology.
Timeless design.

Smart Home

Cosmos Smart integrates BJC Nexus technology into the Cosmos design to create a more comfortable, efficient and connected home.

BJC | nexus

Your whole home, connected.

Control lighting. Dim the lights. Control your blinds. Manage your sockets. Create scenes. All integrated into the Cosmos design.

Wireless system
Easy installation and retrofitting of existing installations with no additional wiring required.

Lower consumption
BJC Nexus is an intelligent system designed for protection and energy efficiency.

Versatile look
Integrated into the Cosmos range with clean lines and refined surfaces, you'll have a wide range of styling options.

Complete control
With BJC Nexus, you can manage lighting, blinds and sockets easily and efficiently.

From anywhere
Control your home with the app, whether you are at home or anywhere else in the world.

No need for building work
The wireless push-buttons allow you to add a new light source control point.

MADE IN EUROPE · 5 YEARS WARRANTY · BJC NEXUS App · works with alexa · works with Google Home

BJC

COSMOS
SMART

Technology that becomes an integral part of the space.

There are no limits to how you can design your rooms.
As part of the BJC Cosmos range, we offer BJC Nexus technology, which controls every corner of the home, creating an atmosphere to suit every moment – spaces that adapt to the people. You can't see it, but you can feel it.
BJC Cosmos and BJC Nexus share the same philosophy: cutting-edge design and technology that don't need to be seen to make their presence felt.

Lighting

Control the lighting from another BJC Nexus device or via the app. Create scenes to operate multiple devices at once, such as for welcoming guests, switching everything off or turning on lights in specific areas. It operates directly via RF or via a gateway to expand its capabilities.

Blinds

Control roller blinds, slatted blinds, awnings, garage doors and gates, among other devices. It allows you to centralise control of all blinds and create pre-programmed scenes via the BJC Nexus app.

Scenes

Create scenes to close awnings or windows based on wind, rain, sunrise or sunset. Create different lighting moods or adapt each space to every moment. When leaving home, a single scene can switch off lights and sockets and lower the blinds to the desired position.

Surface-mounted controls

Add new control points without the need for building work or additional wiring – mount them on a wall, glass, furniture or an existing mounting box – and move them to different locations whenever you wish. Assign different scenes or control various devices (2 or 4 controls). Compatible with BJC Nexus lighting, blinds, dimmers and socket outlets.

Sockets

Control power sockets via RF or using the BJC Nexus app. You can programme on/off times, timers and scenes for improved energy management, and check voltages, currents, energy consumption and power.

COSMOS
SMART

Have I left a light on?

I can check on the app from my office or I can simply activate the scene that turns off all the lights and relax.

Your home wakes you up

Sleeping in the dark is great, but waking up to a sunrise is a real treat. Synchronise your alarm clock with the opening of the blinds in your bedroom or throughout the whole house: it's a wonderful way to start the day full of energy. And in the evening, when you set the alarm, your blinds come down with just one click!

Security whilst on holiday

I'll be on holiday for a month, so I'm setting a schedule to open the blinds during the day to make it look as though someone's at home and deter potential burglars.

Solutions tailored to your needs.

Intruder alarm

If there's any movement inside the house or windows/ doors are opened whilst you're away: the system alerts you directly on your smartphone.

Leaving home / Returning home

I've easily set up a "Leaving home" scene. I can activate it from my smartphone at the touch of a button. The blinds come down, the lights are turned off, non-essential sockets are switched off and the security system is activated.

A possible flood?

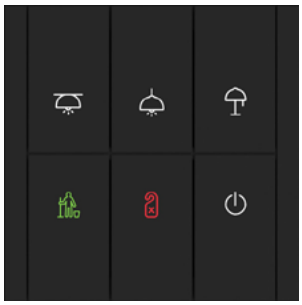

This morning I received a flood alert for my home on my mobile phone. I'm not worried because I know the water supply has been cut off. When I get home at noon, I'll see what's happened.

BJC

Solutions for hotels

Comfort for guests.
Efficiency for hotels.

Every little detail matters when it comes to the guest experience. BJC Cosmos combines design, comfort and technology to create spaces that are a pleasure to use and can be managed more efficiently.

Conceived for the space.
Designed for the experience.

Solutions designed to enhance the guest's experience during their stay and optimise room management when the guest is away.

COMFORT
Everything works smoothly and intuitively, so guests can simply enjoy their stay.

EFFICIENCY
Energy is only used when it’s actually needed, helping to reduce unnecessary consumption.

AUTOMATION
The room can respond when occupied by guests and automatically manage various functions.

INTEGRATED DESIGN
One-way switches, sockets and hotel-specific functions all share the same Cosmos design language.

Solutions for hotels

Socket outlets with Power Delivery fast-charging USB ports

Guests' devices are always charged at lightning speed and highly efficiently thanks to the universal Power Delivery protocol.

Hotel key card switches

Hotel key card switches seamlessly integrated into the design, with either immediate or delayed switch-off to ensure guests are not left in the dark after removing their card.

Lighting control

Rotary or push-button dimmers for all load types, including DALI drivers. Available as standard units or integrated into lighting scenes.

Design, comfort and efficiency.

Signalling system
Do Not Disturb – Make Up Room

For the guest's convenience, they can indicate whether they wish to be left undisturbed, signalled by visible indicator LED lights on the internal mechanism and the sign in the corridor.

Design without compromising weatherproofing

The same design and colour scheme are used for socket outlets, one-way switches and data ports on terraces or in areas that require water resistance.

Light in the dark

Thanks to LED wayfinding beacons with direct or indirect lighting, corridors and stairwells are always provided with a little lighting.

BJC

Simple energy savings

Pre-configured rail relays which, when combined with presence detectors, automate basic energy-saving functions in the room. Plug them in and you're good to go.

Smart centralised switch-off

It's time to relax. Guests can switch off all the lights in the room without having to work out which mechanism controls each light.

COSMOS

BJC Cosmos Smart keypads, with 2 to 6 buttons, allow you to customise room control in an elegant, simple and intuitive way.

A 6-button keypad with a 230 V power supply, customisable symbols, and 3 lighting control outputs with BJC Nexus connectivity.

Connectivity

Integrated solutions.
Timeless design.

R/TV-SAT socket outlet

RCA stereo double socket outlet

Schuko socket outlet +
type A+C USB

RJ45 connector

Angled SC/APC
fibre-optic socket

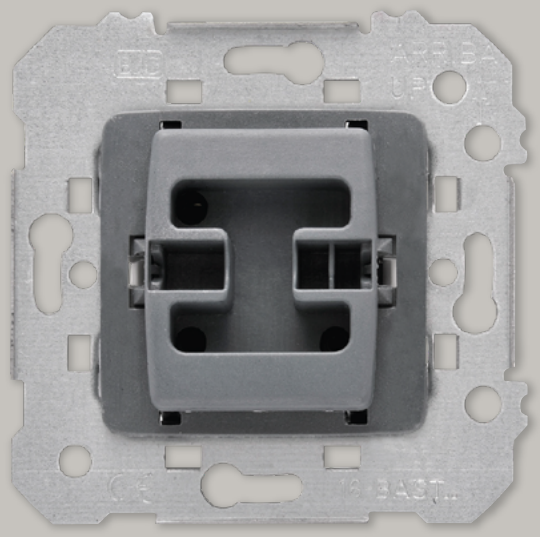

USB connector

COSMOS

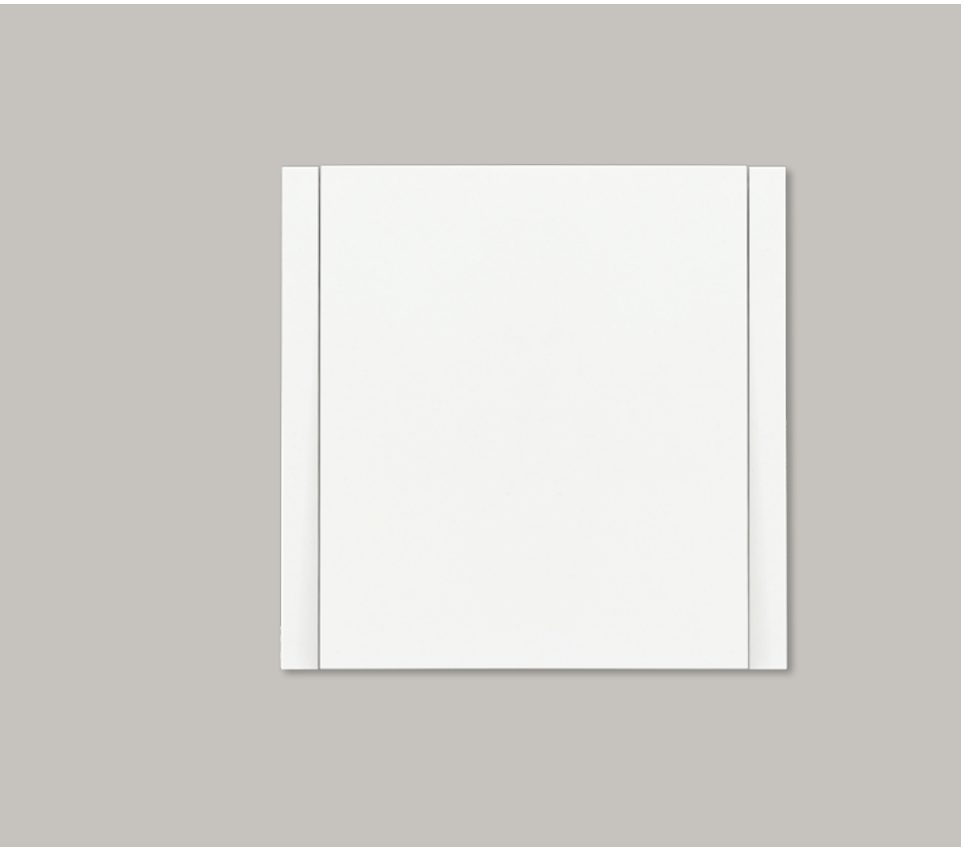

BJC Cosmos allows you to upgrade existing installations whilst retaining the installed socket outlet

Keep the existing mechanism and replace the visible parts with new, compatible rockers, covers and frames.

COSMOS

A new look. A new way of integrating the mechanism into the space. Makingthe most of what's already there.

Evolving doesn't always mean starting from scratch.

Compatible with:

Iris

Iris Plus

Miro

Style

Aura

Magna

Mega

BJC

Design also means thinking about what we leave behind.

COSMOS

Every decision counts

From the materials we choose to the way we manufacture, present and transport our products. At BJC, we are continuing to move towards more responsible design, by introducing improvements aimed at reducing our impact and making better use of resources.

LESS MATERIAL
Optimised packaging to reduce the use of cardboard and improve its durability.

CIRCULAR MATERIALS
Using recycled cardboard and opting for manufacturing materials that are easier to recycle.

LESS INK
Reduced ink usage and the use of plant-based inks on packaging.

REDUCTION IN PLASTIC USE
Sample packs made from recyclable, plastic-free materials.

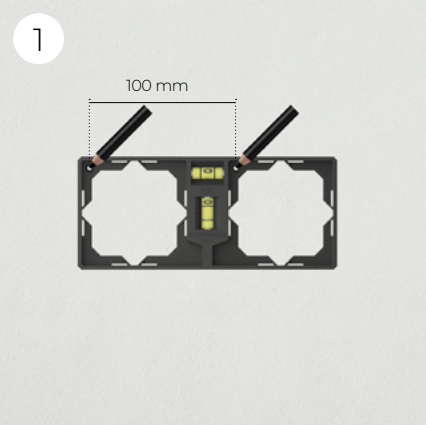

CLOSER TO HOME
Manufactured in Spain, bringing production closer to our markets.

BJC

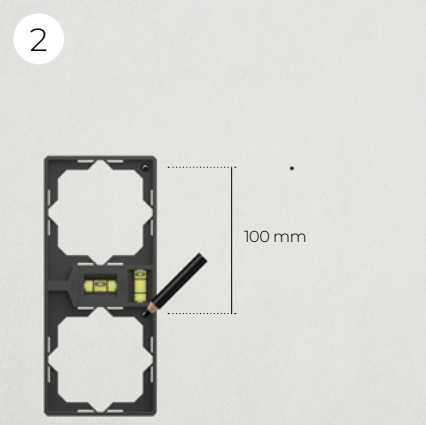

COSMOS
ONE

Frameless design. Total creative freedom through its horizontal and vertical modular design.

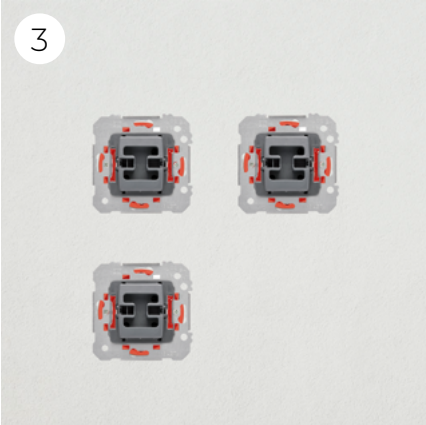

Example of a Cosmos One fitting with the 62-ONE spacer-aligner:

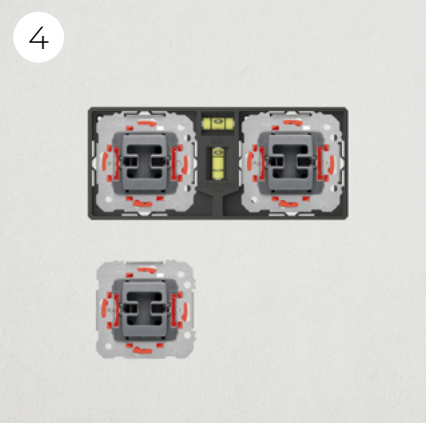

Use the spacer-aligner to mark out a horizontal distance of 100 mm

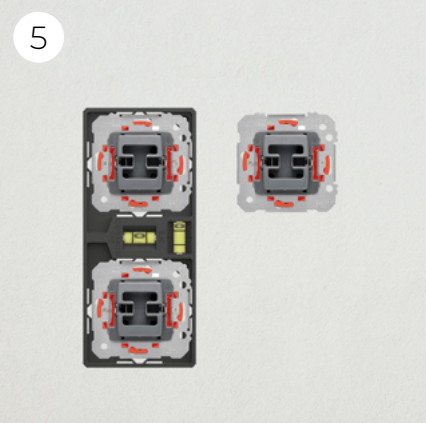

Use the spacer-aligner to mark out a vertical distance of 100 mm

Fit the flush-mounting boxes and connect the mechanisms

Align the mechanisms horizontally using the spacer-aligner and tighten the screws on the mounting boxes

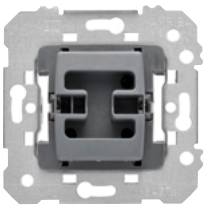

Align the mechanisms vertically using the spacer-aligner

Fit the rockers to the mechanisms

Switch mechanisms

Single pole one-way switch **18505**
Two-way switch **18506**

Pack of	1	1	1	1	1	1	1

Double switch mechanisms

Double intermediate switch **16507-2**
10 A 250 V~

Pack of 1

ROCKER FOR DOUBLE INTERMEDIATE SWITCH

	SILK WHITE	ONYX BLACK	B.ANTHRACITE	VOLCANO GREY	GOBI SAND	MIST GREEN	GOLDEN CAVA
	62707-2	**62707-2NO**	**62707-2AB**	**62707-2GV**	**62707-2GO**	**62707-2VB**	**62707-2CD**
Pack of	1	1	1	1	1	1	1

Rocker switches not compatible with series 18 mechanisms. Does not support an indicator light.

Indicator lights

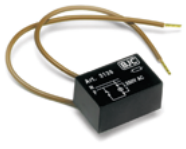

Indicator light **18039-1AZ**
Blue LED
230 V~
Indicator lights for 2 pole one-way switches and single pole one-way switches with control lights.
Wide rocker switch.

18039-1AZ Pack of 5

Indicator light **18039-2AZ**
Blue LED
230 V~
Indicator lights for one-way and two-way and intermediate switches and push-buttons.
Wide rocker switch.

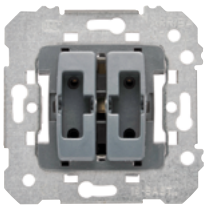

18039-2AZ Pack of 10

Load for indicator lights with energy saving or fluorescent lamps **3139**

Pack of 1

Double switch mechanisms

Double one-way switch **18509**
Double two-way switch **18510**
16 A 250 V~
Double push-button **18511**
10 A 250 V~
Double normally-closed push-button **18513**
10 A 250 V~

DOUBLE TWO-WAY PUSH-BUTTON BELL ROCKER SWITCH AND DIFFUSER

	SILK WHITE	ONYX BLACK	B.ANTHRACITE	VOLCANO GREY	GOBI SAND	MIST GREEN	GOLDEN CAVA
	62715-L	**62715-NOL**	**62715-ABL**	**62715-GVL**	**62715-GOL**	**62715-VBL**	**62715-CDL**
Pack of	1	1	1	1	1	1	1

Indicator lights

Blue LED indicator light **18039-3AZ**
230 V~
Indicator lights for all the different kinds of mechanisms
Narrow rocker

18039-3AZ Pack of 10

Load for indicator lights with energy saving or fluorescent lamps **3139**

Pack of 1

Motion detector

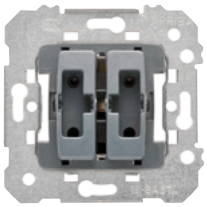

Spherical motion detector 3-wire mechanism **18555-3**
Contact rating (3-wire, relay output):
Resistive load 2,300 W, 10 A max., cos φ = 1
Inductive load 1,500 W, 5 A max., cos φ = 0.6
Halogen lamps with a 1000 VA transformer
Electronic ballasts e.g. 2 x 36 W
(20 max.)
Compatible with LED loads

Pack of 1

MOTION DETECTOR COVER

	SILK WHITE	ONYX BLACK	B. ANTHRACITE	VOLCANO GREY	GOBI SAND	MIST GREEN	GOLDEN CAVA
	62730	**62730-NO**	**62730-AB**	**62730-GV**	**62730-GO**	**62730-VB**	**62730-CD**
Pack of	1	1	1	1	1	1	1

Blind control

Double one-way switch for blinds **18569**
With electrical and mechanical interlocking device
Double push-button for blinds **18565**
Electrical interlocking device
10 A 250 V~

Pack of 10

Double push-button **18511**
Requires auxiliary device specific to each blind manufacturer
No interlocking device
10 A 250 V~

Pack of 10

DOUBLE ROCKER SWITCH FOR BLINDS

	SILK WHITE	ONYX BLACK	B. ANTHRACITE	VOLCANO GREY	GOBI SAND	MIST GREEN	GOLDEN CAVA
	62765	**62765-NO**	**62765-AB**	**62765-GV**	**62765-GO**	**62765-VB**	**62765-CD**
Pack of	20	1	1	1	1	1	1

Blind controller for installation in a flush-mounting box **2393**
Blind control (insert) for 230 V
single-phase motors
Max power: 1250 VA
Local or centralised operation
Operation adjustable from 1 to 120 sec.
For installation with double push-buttons (18511)

Pack of 1

Push-button mechanism

Push-button **18516**
Normally-closed push-button **18512**
10 A 250 V~

Pack of 10

BELL ROCKER SWITCH

	SILK WHITE	ONYX BLACK	B. ANTHRACITE	VOLCANO GREY	GOBI SAND	MIST GREEN	GOLDEN CAVA
	62716	**62716-NO**	**62716-AB**	**62716-GV**	**62716-GO**	**62716-VB**	**62716-CD**
Pack of	2	1	1	1	1	1	1
With diffuser	**62716-L**	**62716-NOL**	**62716-ABL**	**62716-GVL**	**62716-GOL**	**62716-VBL**	**62716-CDL**
Pack of	1	1	1	1	1	1	1

BULB ROCKER SWITCH

	62717	**62717-NO**	**62717-AB**	**62717-GV**	**62717-GO**	**62717-VB**	**62717-CD**
Pack of	1	1	1	1	1	1	1
With diffuser	**62717-L**	**62717-NOL**	**62717-ABL**	**62717-GVL**	**62717-GOL**	**62717-VBL**	**62717-CDL**
Pack of	2	1	1	1	1	1	1

Timer switch

Multifunction tablet timer switch **TMP-3H**
9 functions
Power supply voltage 230 V 50-60 Hz
3-wire
With neutral
Compatible with R, L and C loads

Pack of 1

Multifunction tablet timer switch **TMP-4H**
Screwless terminal
Power supply voltage 230 V 50-60 Hz
4-wire
Compatible with R, L and C loads

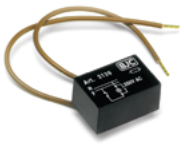

Pack of 1

Indicator lights

Blue LED indicator light **18039-2AZ**
230 V~
Indicator lights for one-way and two-way and intermediate switches and push-buttons
Wide rocker switch

18039-2AZ Pack of 10

Load for indicator lights with energy saving or fluorescent lamps **3139**

Pack of 1

Connected one-way switch **NX18506**
230 V AC 50 Hz, 10 A
Screwed terminals
Range: 160 m (in open space).
It can also be controlled manually with an external push-button.
Compatible with Cosmos frames.

Pack of 1

CONNECTED ONE-WAY ROCKER SWITCH

	SILK WHITE	ONYX BLACK	B. ANTHRACITE	VOLCANO GREY	GOBI SAND	MIST GREEN	GOLDEN CAVA
	SM62705	**SM62705-NO**	**SM62705-AB**	**SM62705-GV**	**SM62705-GO**	**SM62705-VB**	**SM62705-CD**
Pack of	1	1	1	1	1	1	1

Available from January 2027

Connected universal dimmer **NX21545**
230 V AC 50 Hz
Compatible with incandescent lamps (14-200 W AC), 230 V halogen lamps (14-150 W AC), 12 V halogen lamps with magnetic transformers (14-150 VA), and 12 V halogen lamps with electronic transformers (14-150 VA), trailing-edge RC LEDs (7-100 VA at 230 V AC), and leading-edge RL LEDs (7-20 VA at 230 V AC).
Screwed terminals.
Range: 160 m (in open space).
It can also be controlled manually with an external push-button.
Compatible with Cosmos frames.

Pack of 1

CONNECTED UNIVERSAL DIMMER ROCKER

	SILK WHITE	ONYX BLACK	B. ANTHRACITE	VOLCANO GREY	GOBI SAND	MIST GREEN	GOLDEN CAVA
	SM62705	**SM62705-NO**	**SM62705-AB**	**SM62705-GV**	**SM62705-GO**	**SM62705-VB**	**SM62705-CD**
Pack of	1	1	1	1	1	1	1

Available from January 2027

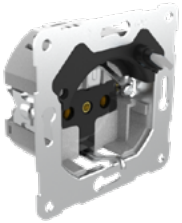

Connected one-way switch for blinds **NX18565**
230 V AC 50 Hz, 4 A cos ∂ = 0.6
Screwed terminals
Range: 160 m (in open space).
Compatible with Cosmos frames.

Pack of 1

CONNECTED ONE-WAY ROCKER SWITCH FOR BLINDS

	SILK WHITE	ONYX BLACK	B. ANTHRACITE	VOLCANO GREY	GOBI SAND	MIST GREEN	GOLDEN CAVA
	SM62765	**SM62765-NO**	**SM62765-AB**	**SM62765-GV**	**SM62765-GO**	**SM62765-VB**	**SM62765-CD**
Pack of	1	1	1	1	1	1	1

Available from January 2027

Connected power socket with consumption measurement **NX18524**
230 V AC, 50 Hz, 16 A.
Screwed terminals.
Range: 160 m (in open space).
Can be switched on/off manually with a control button.
Compatible with Cosmos frames.

Pack of 1

CONNECTED POWER SOCKET ROCKER

	SILK WHITE	ONYX BLACK	B. ANTHRACITE	VOLCANO GREY	GOBI SAND	MIST GREEN	GOLDEN CAVA
	SM62724	**SM62724-NO**	**SM62724-AB**	**SM62724-GV**	**SM62724-GO**	**SM62724-VB**	**SM62724-CD**
Pack of	1	1	1	1	1	1	1

Available from January 2027

Cosmos Smart brings elegance and convenience to your home without the need for renovations. This fully wireless system controls the lights, blinds and sockets, all within a single, organised ecosystem.

SURFACE-MOUNTED CONNECTED COSMOS

Smart Home

Surface-mounted connected push-button **NX62939**
Powered by a 3 V battery, CR2032 (supplied)
Secured by adhesive or screws in flush-mounting box.
Range: 200 m (in open space)
Includes connected mechanism, fixing base, frame and rocker in white.

Available from January 2027

Actuator modules

One-way switch module **NXOS-1**
230 V AC 50 Hz, total load 8 A (2000 W)
1 output
Screwless terminal.
200 m range (in open space).
It can be controlled manually with an external push-button.

Pack of 1

Double one-way switch module **NXDS-2**
230 V AC 50 Hz, total load 8 A (2000 W)
2 outputs
Screwless terminal.
200 m range (in open space).
Each output can be controlled manually with 1 separate external push-button for each of them.

Pack of 1

Blind module **NXSB-2**
230 V AC 50 Hz, total load 2x8 A (2x2000 W)
2 outputs
Screwless terminal.
Range up to 200 m (in open space).
Each output can be controlled manually with 1 separate external push-button for each of them.

Pack of 1

DALI-2 controller module **NXDALI-32**
100-230 V AC 50 Hz.
DALI power supply output 16 V/100 mA. Can control up to 32 devices.
Screwless terminal.
Range up to 200 m (in open space).
It can be controlled manually with an external push-button.

Pack of 1

Universal dimmer module **NXDIM-1**
230 V AC 50 Hz
Compatible with R, L, C, LED and ESL loads
Maximum load 300 W
Screwless terminal.
200 m range (in open space).
It can be controlled manually with an external push-button.

Pack of 1

Transmitter actuator modules

4-input module **NXIN-4**
230 V AC, 50 Hz.
Screwless terminal.
Range up to 200 m (in open space).
Each of the four inputs allows the signal from a push-button to be sent to a BJC Nexus device.

Pack of 1

Gateways

Mini Wi-Fi gateway **NXMB-1**
230 V AC 50 Hz, total load 10 A.
2 outputs, with independent external manual control via wired push-buttons
Screwless terminal.
200 m range (RF, in open spaces).
Up to 40 RF addresses can be connected.

Pack of 1

Desktop gateway **NXLAN-204**
Power supply via 230 V/5 V power adapter (supplied).
200 m range (RF, in open spaces).
Allows up to 70 RF addresses to be connected.

Pack of 1

Wireless sensors (battery powered)

Motion detector **NXPD-1**
Powered by 2 x 1.5 V AA batteries (supplied).
105° detection angle.
Maximum sensing distance 12 m.
Recommended working height: 2.4 m
Colour: White

Pack of 1

Door and window sensor contact **NXWDC-1**
Powered by 1 x 3 V CR2032 battery (supplied).
Colour: White.

Pack of 1

Flood detector **NXSF-1**
Powered by 2 x 1.5 V AAA batteries (supplied).
160 m range (in open spaces).
Colour: White.

Pack of 1

Remote control **NXKF-4**
Powered by 1 x 3 V CR2032 battery (supplied)
Each of the four buttons allows a signal to be sent to one or more BJC Nexus devices.
200 m range (in open spaces).
Colour: White.

Pack of 1

Dimmers

A two-way dimmer for high- and low-voltage LED, incandescent and halogen lamps with a magnetic transformer **21550-X**
Power supply: 230 V / 50 Hz
LED: 230 V 3-85 W
Direct halogens: 20-250 W
Halogens with a ferromagnetic transformer: 20-250 VA
Fuse: T2AH/250 V
Screw connection
Phase shut-off: Leading-Edge

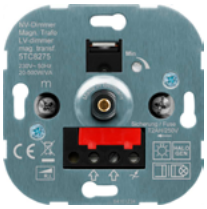

Pack of 1

A list of compatible LED lamps is available in the digital catalogue

ROTARY DIMMER COVER

	SILK WHITE	ONYX BLACK	B. ANTHRACITE	VOLCANO GREY	GOBI SAND	MIST GREEN	GOLDEN CAVA
	62749	**62749-NO**	**62749-AB**	**62749-GV**	**62749-GO**	**62749-VB**	**62749-CD**
Pack of	1	1	1	1	1	1	1

A two-way dimmer for high- and low-voltage incandescent and halogen lamps with a magnetic transformer **21553-X**
Power supply: 230 VAC / 50 Hz
Halogens with a ferromagnetic transformer: 20-500 VA
Direct halogens: 20-500 W
Fuse: T2AH/250 V
Screw connection
Phase shut-off: Leading-Edge

Pack of 1

Universal two-way dimmer for high- and low-voltage LED, incandescent and halogen lamps with a magnetic transformer **21551-X**
Power supply: 230 V / 50 Hz
LED: 3-100 W
230 V halogen lamps: 15-250 W
Ferromagnetic halogen lamps: 15-250 VA
Fuse: electronic
Screw connection
Phase shut-off: leading-edge or trailing-edge

Pack of 1

Device for controlling fluorescent luminaires with 1-10 V dimming **21555-X**
Power supply: 230 VAC 50-60 Hz
Control voltage: 1-12 V
Maximum control current: 40 mA
Load connection: 10 A
Fuse: F0.8/250 V
Screw connection

Pack of 1

Dimming potentiometer for lamps and luminaires with DALI interface **21554-X**
Power supply: 230 V AC 50/60 Hz
DALI devices: DT6, DT8 TC
Output voltage: 10-16.25 VDC
Max. load: 46 devices
Dimming range: 0.1 – 100%
Screw connection

Pack of 1

Dimmers for push-buttons

Universal tablet dimmer with load adjustment **DIP-RLC**
R, L, C, LED, ESL
Power supply voltage 230 V - 50/60 Hz
Consumption: 3 W
Suitable for 230 V halogen lamps, halogen lamps with ferromagnetic transformer, halogen lamps with electronic transformer and LED loads 230 V

Pack of 1

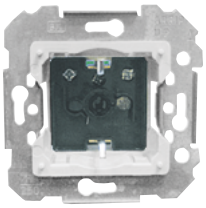

Dimmer, RL, 3-wire **DIP-RL-3H**
R, L, LED
Connection: 3-wire, no neutral
Consumption 3 W
Power supply voltage 230 VAC/50 Hz
Output resistive load: 10-300 VA
Output inductive load: 10-150 VA
Fuse: F 1.6 A/250 V

Pack of 1

Load connection

Erp

2P-E Schuko® socket outlet with dual USB type A and type C charger, with fast charging capacity and Power Delivery **18524-USBC**
Schuko® socket
- 230 Vac 50 Hz, 16 A
- Screwless terminal

Dual USB charger:
- 1 USB type A socket and 1 USB type C socket
- Maximum power: 20 W
- Quick charge Power Delivery USB C: 5 V/3 A; 9 V/2.22 A; 12 V/1.67 A
- Quick charge USB A: 5 V/3 A; 9 V/2.22 A; 12 V/1.67 A
- Normal charge:
  - 5 V/3.4 A when using USB A and USB C at the same time
  - 5 V/2.4 A when using USB A or USB C individually
- Short circuit protection
- Temperature protection

Compliant with UNE 20315-1-1/1/1-2 and EN 62368-1 standards

Pack of 1

Relays for hotels

Hotel room energy-saving relay **TMA-101-UNI**
Universal power supply: 12-240 V AC/DC 50-60 Hz
16 A switched output
4 operation modes
2 inputs: magnetic door contact and motion detector (not supplied)
Switch-off delay from 1 to 50 minutes.

Pack of 1

6-channel hotel room energy-saving relay **TMA-102**
Power supply: 100-240 V AC, 145-335 V DC 50-60 Hz
6 x 10 A outputs
10 operation modes
Inputs: master, key card switch, magnetic door contact, motion detector (not supplied)
6 inputs for one-way switches/push-buttons
Switch-off delay from 1 to 50 minutes

Pack of 1

Push-button mechanisms

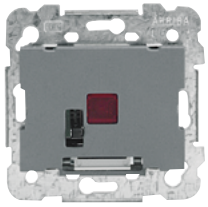

Cord operated push-button **18521**
Cord operated two-way switch **18598**
Mechanism not suitable for claws
10 A 250 V~

Pack of 10

CORD OPERATED SWITCH COVER / CABLE OUTPUT

	SILK WHITE	ONYX BLACK	B. ANTHRACITE	VOLCANO GREY	GOBI SAND	MIST GREEN	GOLDEN CAVA
	62734	**62734-NO**	**62734-AB**	**62734-GV**	**62734-GO**	**62734-VB**	**62734-CD**
Pack of	2	2	1	1	1	1	1

Key card mechanism

One-way switch for a timed key card **18668**
125-230 V~ 50/60 Hz
Resistive loads 8 A cos ϕ = 0.4
Switch-off delay 1 min
LED indicator light
Mechanism not suitable for claws

Pack of 1

TIMED KEY CARD SWITCH COVER

	SILK WHITE	ONYX BLACK	B. ANTHRACITE	VOLCANO GREY	GOBI SAND	MIST GREEN	GOLDEN CAVA
	62768	**62768-NO**	**62768-AB**	**62768-GV**	**62768-GO**	**62768-VB**	**62768-CD**
Pack of	1	1	1	1	1	1	1

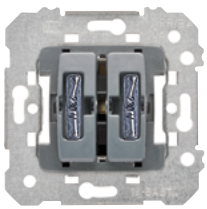

One-way switch for a mechanical key card **18570**
With built-in lamp
250 VAC - 10 A resistive load / 1.5 A inductive load
For inductive loads, we recommend using an RE-116-R relay

Pack of 1

MECHANICAL KEY CARD SWITCH COVER

	SILK WHITE	ONYX BLACK	B. ANTHRACITE	VOLCANO GREY	GOBI SAND	MIST GREEN	GOLDEN CAVA

Adapter for 2 RJ45/RJ11 connectors (AMP, etc.) **19682-1**

Pack of 10

Standard Keystone RJ45 connector **3186-B**
Cat. 6
White
Tool-free terminal

Pack of 25

SC/APC fibre optic solutions

Angled outlet cover for SC/APC fibre optic coupler

Allows a fibre optic outlet to be installed while maintaining the minimum bend radius of the fibre cable.
Includes a fixing frame.

ANGLED FIBRE OPTIC OUTLET COVER

	SILK WHITE	ONYX BLACK	B.ANTHRACITE	VOLCANO GREY	GOBI SAND	MIST GREEN	GOLDEN CAVA
	62054	**62054-NO**	**62054-AB**	**62054-GV**	**62054-GO**	**62054-VB**	**62054-CD**
Pack of	1	1	1	1	1	1	1

Coupler for SC/APC-type optical fibre connector **3191**

To be used with adapter 3190 or directly plugged into the RJ cover

Pack of 20

Interior view with fibre optic cable installed

Loudspeaker socket outlets

RCA mono socket outlet **18575**
Rear screwless terminal.
Cable: maximum 3 pairs of 0.3 mm²

Pack of 1

MONO RCA COVER

	SILK WHITE	ONYX BLACK	B. ANTHRACITE	VOLCANO GREY	GOBI SAND	MIST GREEN	GOLDEN CAVA
	62882	**62882-NO**	**62882-AB**	**62882-GV**	**62882-GO**	**62882-VB**	**62882-CD**
Pack of	1	1	1	1	1	1	1

RCA stereo socket outlet **18576**
Rear screwless terminal.
Cable: maximum 3 pairs of 0.3 mm²

Pack of 1

STEREO RCA COVER

	SILK WHITE	ONYX BLACK	B. ANTHRACITE	VOLCANO GREY	GOBI SAND	MIST GREEN	GOLDEN CAVA
	62776	**62776-NO**	**62776-AB**	**62776-GV**	**62776-GO**	**62776-VB**	**62776-CD**
Pack of	1	1	1	1	1	1	1

Multimedia connectors

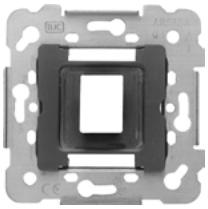

USB connector
White **18588-USB**
Black **18588-USB-NE**
Female-to-female USB connector
for Keystone adapter

Pack of 1

USB SOCKET COVER

	SILK WHITE	ONYX BLACK	B. ANTHRACITE	VOLCANO GREY	GOBI SAND	MIST GREEN	GOLDEN CAVA
	62788-USB	**62788-USB-NO**	**62788-USB-AB**	**62788-USB-GV**	**62788-USB-GO**	**62788-USB-VB**	**62788-USB-CD**
Pack of	1	1	1	1	1	1	1

Adapter for Keystone-type connectors **19582-1**

Pack of 10

To install Cosmos frames correctly in hollow partition walls, we recommend using the 2158000 hole saw (or equivalent) to ensure that the flush-mounting box is flush with the wall.

MEASUREMENTS

- 1-gang frame: **85 x 85 mm**
- 2-gang frame: **156 x 85 mm**
- 3-gang frame: **228 x 85 mm**
- 4-gang frame: **299 x 85 mm**
- 5-gang frame: **370 x 85 mm**
- Cosmos rocker/cover: **71 x 85 mm**
- Cosmos One rocker/cover: **85 x 85 mm**

Assorted material

Universal linking mechanism **2373-I**
Thermoplastic material
Dimensions: 71x71x43 mm

Pack of 640

Protective cover **2374-I**
Allows you to locate the box after plastering

Pack of 1000

Claws for metal frames **16-GAR**
Bag with 50 claws
and 50 screws
to assemble 25 fixing frames

1-gang flush-mounting box for hollow partition walls **2341**

Pack of 120

2-gang flush-mounting box for hollow partition walls **2342**

Pack of 60

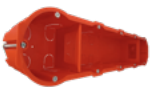

3-gang flush-mounting box for hollow partition walls **2343**

Pack of 35

4-gang flush-mounting box for hollow partition walls **2344**

Pack of 30

5-gang flush-mounting box for hollow partition walls **2345**

Pack of 21

Hole saw with countersink for hollow partition walls **2158000**
diam. 68 mm / depth 40 mm

Pack of 1

Countersink for Ø 68 mm **5892000**
Tool for flush installation of hollow wall boxes

Pack of 1

Replacement blades for ref. 5892000 **5893000**

Pack of 1

BJC fixing frame aligner **3201**
Not suitable for Cosmos One

Pack of 1

To achieve the designed installation results, the use of these boxes and a hole saw with countersink is recommended.

Connected one-way switch (4 functions), silk white	NX62951-4 (mechanism + rocker + frame)	SM62751-4	SM62751-4NO	SM62751-4AB	SM62751-4GV	SM62751-4GO	SM62751-4VB	SM62751-4CD
Connected one-way switch (4 functions), onyx black	NX62951-4NO (mechanism + rocker + frame)	SM62751-4	SM62751-4NO	SM62751-4AB	SM62751-4GV	SM62751-4GO	SM62751-4VB	SM62751-4CD
Connected one-way switch (6 functions), silk white	NX62951-6 (mechanism + rocker + frame)	SM62751-6	SM62751-6NO	SM62751-6AB	SM62751-6GV	SM62751-6GO	SM62751-6VB	SM62751-6CD
Connected one-way switch (6 functions), onyx black	NX62951-6NO (mechanism + rocker + frame)	SM62751-6	SM62751-6NO	SM62751-6AB	SM62751-6GV	SM62751-6GO	SM62751-6VB	SM62751-6CD
Surface-mounted smart connected push-button	NX62939	SM62739	SM62739-NO	SM62739-AB	SM62739-GV	SM62739-GO	SM62739-VB	SM62739-CD
Surface-mounted smart connected double push-button	NX62940	SM62740	SM62740-NO	SM62740-AB	SM62740-GV	SM62740-GO	SM62740-VB	SM62740-CD
Frame		62001	62001-NO	62001-AB	62001-GV	62001-GO	62001-VB	62001-CD

Actuator modules	
One-way switch module	NXOS-1
Double one-way switch module	NXDS-2
Blind module	NXSB-2
DALI-2 controller module	NXDALI-32
Universal dimmer module	NXDIM-1
4-input module	NXIN-4

Transmitter actuator modules	
4-input module	NXIN-4

Gateways	
Mini Wi-Fi gateway	NXMB-1
Desktop gateway	NXLAN-204

Wireless sensors (battery powered)	
Motion detector	NXPD-1
Door and window sensor contact	NXWDC-1
Flood detector	NXSF-1
Remote control	NXKF-4

COSMOS

Where matter becomes one with space
