The Vendor shall not be obligated to fulfill this agreement if such fulfillment is prevented by any impediments arising out of national or international foreign trade or customs requirements or any embargoes or other sanctions.

9.- COMPLIANCE WITH EXPORT CONTROL REGULATIONS

9.1. If the Purchaser/Recipient transfers any goods (hardware and/or software and/or technology, as well as the relevant documentation, regardless of the form in which this transfer takes place) supplied by the Vendor, or jobs and services (including all types of technical support) carried out by the Vendor, to a third party, this Purchaser/Recipient must comply with any regulations relating to the control of national and international (re)exporting which may apply. - There is no breach of any embargo imposed by the European Union, by the United States of America and/or by the United Nations through this transfer, through the brokering of contracts relating to these goods, work and services or through the provision of other financial resources connected to these goods, work and services, also considering national trade limitations and the ban on evading these embargoes.
- The intended use to which these goods, work and services will be put is not connected to the arms industry or to nuclear technology, always and to the extent that this use could be subject to prohibition or authorisation, unless the appropriate authorisation is provided.

11.- LIMITATION OF LIABILITY

The Vendor will not be liable for indirect damage and harm, such as loss of profits, stoppage and/or loss of production and/or of data. Similarly, the Vendor will only be liable to the Purchaser for the direct damage and harm that it causes in complying with its obligations up to a total and accumulated sum equivalent to 10% of the contract or order price. In the event that penalties have been contractually agreed, these will be limited to 10% of the contract or order price, and will be considered the sole financial liability of the Vendor for any breach. A single claim cannot be liable to both penalisation and claims for damages. The contents of this clause will take precedence over any other future agreement appearing in an order or contract, except where the agreed waiver set out in this condition 11 is expressly revoked in that agreement.
